Adding a Device
Adding an Activity

1. **New Activity**
   - Give your Activity a name that describes its primary function, i.e. “Goodnight” or “All Lights Off.”

   

2. **Add Room**
   - Select the rooms to add & set their state.

   - AVAILABLE ROOMS
     - Outdoor
     - Master Bedroom
     - Living Room
     - Workshop
     - Kitchen

   - Add Device to Activity
   - Add Room to Activity
   - Save

3. **Setup Activity**
   - Would you like to add another Device or Room to this Activity? You can add or remove devices and rooms to this activity later if you choose.

   - Add Device to Activity
   - Add Room to Activity

   - If you’ve done adding rooms and devices, tap “Save & Complete” below.

   - Save & Complete

4. **Activity Management**
   - Manage activities such as “All Lights Off,” “All Lights On,” and “Game Night.”

Advanced Dimmer Settings

To access the advanced Dimmer controls, expand the dimmer card in the UI and tap 'Device Setup & Configuration'.

Advanced Dimmer controls allow granular control.

* Bulb Type
* Fade Rate
* LED Behavior
* Preset Levels
